

TERMS AND CONDITIONS OF THE 2023-2024 SCHOOL YEAR

a) Provide the data and documents by the means and times required by the school, which will be treated with due confidentiality.

b) Attend an in-person appointment according to the agenda agreed upon with the admissions staff, or decide to continue with the process even without the in-person visit.

c) Pay through the payment link provided or in person at the school, the amount of \$1,000 (one thousand pesos 00/100 m.n.) which covers the cost of the Spanish, English, French and psychological exams, which is non-refundable. The exam does not guarantee the student's enrollment.

d) Students are expected to the appointment. The exams will be held the third week of each month, starting January 2023.

e) Attend the family appointment with the general management for feedback, where the result of the exam and acceptance, conditional acceptance or non-acceptance will be informed.

f) If you wish, you may pay the registration and tuition fees to take advantage of the published discounts, however, it is not a guarantee of acceptance of enrollment. In the unlikely event that the student does not pass the exam and therefore cannot be accepted into the school, the amount paid may be refunded in full during the first week after feedback.

In order to make this decision, in the previous cycle we had a non-acceptance rate of less than 0.5% (zero point five percent).

g) If the acceptance is conditional, it will be subject to the agreements made on the day of the feedback.

h) Deliver the documents requested by the school according to each part of the process.
